

Dear Family,

Thank you for your enrollment in the Village Nursery School for the 2019-2020 school year! We know that there are many options out there for your child's first school experience and we are excited for you and your child to be part of our 'Village'!

First and foremost, we are a school built on the foundation of our community. Village Nursery School has been teaching and nurturing young children for over fifty years. Times have changed and we keep current and progressive in our curriculum. The underlying foundation of family, strong values and community are the Pillar of Village Nursery School.

Our experienced teachers arrive eager each day, ready to work with our students to co-construct curriculum that sparks a sense of wonder and creativity in each of them. This hands-on, experiential learning will enable our children to develop new skills, enhance their strengths, and work on their individual goals in a comfortable and safe environment that is familiar to them. Our hope is for our students to foster a love of school before they embark on their journeys as confident, life-long learners.

Guided by our values as a school and community, we truly hope that your experience with us will be a warm and welcoming one. Please be in touch should you have any questions. We look forward to getting to know your family!

All the best,
Melissa McHugh, M.Ed
